Mr. Fernald's Japanese romance, "The Moonlight Blossom," at the Prince of Wales's Theatre, is a dramatic non-descript which puzzles the critics and delights the audience.

PARIS.

DISCUSSION OF DE GALLIFET'S PROCLAMATION TO THE ARMY.

Reactionaries call it a proof of cabinet dissension—preparing for army reforms. Paris, Sept. 23.—General De Gallifet's proclamation, read yesterday to every company, squadron and battery in the French army, continues to be the leading topic of discussion.

The "Gaulois" this morning welcomes General De Gallifet and "accredits him a place in our own ranks." M. Millevoye in the "Patrie" declares that "General De Gallifet's proclamation is what I myself would have signed were I Minister of War."

All this proves that General De Gallifet, fortunately for France, is master of the situation. While making full allowance for the feelings of the Dreyfus partisans, due to the iniquitous Rennes verdict, any impartial American viewing these events in Paris, and in a land where vestiges of medieval fanaticism and of Jacobin fury still survive, would feel convinced that General De Gallifet's proclamation was dictated by the purest patriotism and a determination to do what is best for the interests of the whole country.

OPENING OHIO CAMPAIGN.

In Ohio is not, and cannot be anything but a national contest. It is life to say it is local—yes, and worse than life—it is dishonest to say such an assertion where the Democratic platform says the special stress upon National questions.

GERMANS SUPPORT THE DUTCH.

Berlin, Sept. 23.—An outbreak of war in the Transvaal is regarded here as a question of a few days, or at most, of weeks. The whole press devotes considerable space to the matter. Neither the attitude of the people or press has changed materially.

DEMOCRATS ADVOCATE DILUTION.

Our opponents throughout the Nation, and particularly here in Ohio, propose a method of attacking trusts to meddle with the tariff, which would mean economic disaster to the masses, and is entirely inimical to the welfare of the Nation.

MUST PUT DOWN RESISTANCE IN PHILIPPINES.

Two facts must be emphasized first, that out of the present situation the only honorable and humane way is to put down armed resistance in the Philippines, and to establish a government of order, justice, and in the second place, that this situation inevitably arose out of the war, and could not have been avoided save by shameful conduct on our part.
