## EFFORTS OF OPPOSING ARMIES ARE CENTERED UPON EXTREME WINGS

Allies Had Foreseen Such Move on Part of the Germans and Met the Invaders With Equally Strong Force

### INFANTRY PLAYS IMPORTANT PART

Official French Communication Says Enemy Attacks Along Entire Line, But Has Everywhere Been Repulsed

**ON BATTLE FRONT** (via Paris), Sept. 26.—All efforts of the opposing armies are now concentrated on the western and eastern wings. The allies had foreseen such a move on the part of the Germans toward the west, however, and although a very strong force of the invaders had been thrown on the Somme river they found themselves opposed in equal numbers.

The infantry played an important part all along the line, and pushed back the Germans for a considerable distance. All mention of places of action or comment on the troop movement is forbidden under the severest penalties. A son of Paul Doumer, former speaker of the chamber of deputies, was killed in action near Nancy.

**ENEMY IS REPULSED**  
PARIS, Sept. 26.—The following communication was issued tonight: "The enemy has attacked along the entire front but everywhere has been repulsed. On our left wing we are making progress. On the heights of the Meuse the situation remains unchanged. In the Woevre region we continue to gain some ground."

A dispatch to the Hevas agency from Amsterdam says that in order to prevent the exportation of contraband articles to Germany the Netherlands government has declared martial law in the eastern provinces.

**Both Sides Progress**  
LONDON, Sept. 26.—Widely separated wings of the opposing armies in northern France are still striking hard blows at each other in an effort to break through the respective positions. Both sides, according to a French official report issued this afternoon have made some progress, the Germans on the allies' right perhaps the greatest. For three days or more a violent battle has been raging in the hills and on the plains between the Rivers Oise and Somme. Official accounts, both German and French are silent as to how this fight is going, but in the frontal attack on the Germans' strongly fortified and well reinforced positions further south, the allies made some slight progress, the Germans apparently being satisfied to remain on the defensive until the battle on their flank has been decided. There is a lull in the fighting in Galicia.

From Soissons to Rheims and thence to Verdun there has been no change in the situation, but in the south of Woevre, the French continue to make progress and have defeated with

### PRINCE OSCAR HAS AFFECTION OF HEART

BERLIN, (via Hague), Sept. 26.—Prince Oscar, the emperor's fifth son, it was announced today, is suffering from a heart affection due to his exertions in the field, has been obliged to leave his regiment. He is under the care of physicians at Metz. The empress received a letter last night from the emperor in which he referred optimistically to the situation.

heavy losses the German corps. On the French extreme right the French have taken the offensive with reservists and have repulsed the German forces holding the line along the frontier.

Of the activity of the British army, the war office is most sparing with information. A brief paragraph recounting the activity of the Germans all along the line and the repulse of some heavy counter attacks with considerable loss to the enemy, is the extent of the news given out.

The casualties among the officers up to a week ago have been published, but thus far those among the men in the ranks have not been made public.

The Russians are perfecting their plan for investing Przemysl, which is now cut off from all communication with the outside world. The Russians have taken Rzeszow, an important railway center between Tarnow, and Przemysl, and have captured two fortified positions to the north and south of the latter fortress. This gives them possession of the whole of Galicia with the exception of the narrow western neck at the head of which stands Cracow.

Along the western frontier of Poland, which the Germans have been threatening for some time, they are now reported to be fortifying themselves. In fact, from Cracow to the extreme north of East Prussia, the Russian and German armies apparently are facing each other across the boundary and each is waiting for a favorable opportunity to attack. The Germans, satisfied they have rid themselves of the Russians in East Prussia are sending a commission to that country to re-establish the inhabitants who fled when the Russian invasion drove everything before it.

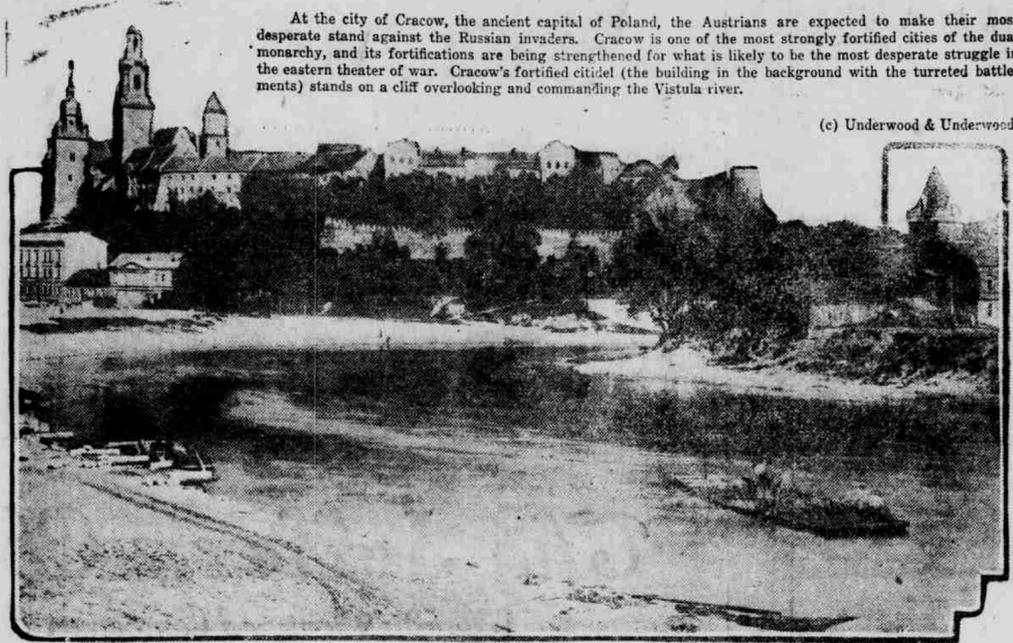

There are signs of activity in the Adriatic, where the Anglo-French fleet hope that the Austrian fleet will show itself. This is a difficult sea for naval operations. To minimize this, the allies have taken the islands of Palagosa

### AEROPLANE DROPS BOMBS IN WATER

ANTWERP, (via London, Sunday), Sept. 27.—A Taube aeroplane flew over the town of Duffel, near this city, Saturday morning and dropped two bombs which fell into the water. Another Taube machine flew over Antwerp on Saturday afternoon but shrapnel fire from the guns of the forts forced the aeroplane to fly at such an extreme altitude that observations were impossible.

## IN CRACOW, ANCIENT CAPITAL OF POLAND, AUSTRIANS EXPECTED TO MAKE FIRM STAND

At the city of Cracow, the ancient capital of Poland, the Austrians are expected to make their most desperate stand against the Russian invaders. Cracow is one of the most strongly fortified cities of the dual monarchy, and its fortifications are being strengthened for what is likely to be the most desperate struggle in the eastern theater of war. Cracow's fortified citadel (the building in the background with the turreted battlements) stands on a cliff overlooking and commanding the Vistula river.

## PARTY PLANKS WILL BE KNOWN TUESDAY NIGHT

Progressive Meeting at Y. M. C. A. Stadium When Leading Members of Party from Different Counties Will Be Present

There are indications that the progressive meeting at the Y. M. C. A. stadium next Tuesday night will be one of the most important gatherings of the present campaign. It will not only be the first appearance of the state candidates before an audience in Phoenix, but on that night will be made a declaration of the things for which the progressive party of this state stands. There are many elements which are awaiting the party platform which will probably have a greater influence on the vote than the party declaration of any other party.

It is expected that many prominent members of the party, including state committeemen from different counties will be present at the meeting as they will have to appear in Phoenix on Tuesday, either in person or by proxy. Short speeches will probably be made by the county candidates at that time and by other state candidates as may be present though the principal addresses will be by Dr. J. B. Nelson, Hon. George U. Young and Captain J. L. B. Alexander.

The progressive workers are greatly encouraged by the news reaching headquarters. Men who have been active and lifelong members of one or the other of the old parties are voluntarily offering their support to Mr. Young because they believe that his election will bring a needed change in the management of state affairs.

### YOUNG M'ADOO HURT

WASHINGTON, Sept. 26.—Francis H. McAdoo, son of the secretary of the treasury, was injured tonight when his automobile collided with a passing machine and turned over. He was caught under the car, but the back seat saved him from serious harm.

### DIRIGIBLE IS CAPTURED

LONDON, Sunday, Sept. 27.—"A Zeppelin made a raid on Warsaw at 5 o'clock Saturday morning," says the Warsaw correspondent of Reuters. "The dirigible shot down near the fortress Vodlin and the crew captured. Two bombs were dropped but did little damage."

### SAY REPORT IS FALSE

LONDON, Sept. 26.—An Amsterdam dispatch to the Central News says there is no authority for the dispatch from Maestricht that between the hour of 8:30 o'clock and 1:30 o'clock Friday, eighteen train loads of wounded Germans passed through Aix-La-Chapelle from France.

### THE WEATHER

WASHINGTON, Sept. 26.—Forecast: Fair.

## COLONEL ROOSEVELT BOOSTS FOR BEVERIDGE AND THE PROGRESSIVES

(Associated Press Dispatch)

INDIANAPOLIS, Sept. 26.—Colonel Theodore Roosevelt concluded his one-day tour of Indiana here tonight with an address devoted largely to advocating the election of Albert J. Beveridge, progressive candidate for United States senator from Indiana. The colonel came here from Terre Haute, where he spoke in the afternoon. Preceding the meeting there was a parade, in which were a number of delegations from all over the state.

"It was Senator Beveridge," the colonel declared, "who was foremost in putting through the thorough-going meat inspection law, and he also played a leading part in forcing the passage of pure food laws. It was he who originated the idea of making the stopping of child labor in health-destroying industries a national affair."

Speaking of the tariff, Colonel Roosevelt said: "Both the old Payne-Aldrich bill and the present tariff bills are virulent, one having gone to the extreme one way, just as the other went to the extreme the other way, and both have been formed precisely in the same manner. It is only by methods advocated by Senator Beveridge and the progressive party that we will ever secure proper tariff legislation in this country."

Colonel Roosevelt expected to depart late tonight for Pittsburg.

## ANTWERP LIKELY SOON TO BE ATTACKED BY THE GERMANS

LONDON, Sept. 26.—A dispatch to the Central News Agency, from Amsterdam quotes an unconfirmed telegram from the frontier saying: "It appears a German attack on Antwerp is likely to begin at an early date. For some days past large bodies of troops have been conveyed from Aix La Chapelle to the district east and south of Antwerp."

Heavy siege guns have arrived and been placed rapidly in position against the southern forts while on the eastern side heavy Austrian howitzers have been brought up and earthworks constructed.

The Volks Zeitung of Cologne says the Germans have heavy siege guns around Antwerp. The street car line between Brussels and Minova, the newspaper says, is being exclusively used by Germans for the transportation of provisions to the German positions northwest of Brussels, where skirmishes with the Belgians are of daily occurrence.

### VINTAGE HAS BEGUN

BORDEAUX, Sept. 26.—In many famous vineyards around Bordeaux the vintage has begun. Women, children and old men are taking the places of the men fighting at the front. They are aided by refugees from Belgium and northern France. The crop is not abundant, many immature grapes having dropped from the stalk owing to premature blossoming, but the wine promises to be good.

## JAPS MAKE PROGRESS AGAINST THE GERMANS AT KAIU CHAU

PEKING, Sept. 27 (Sunday)—Japanese troops operating against the German concession Kiau Chau are making progress in the direction of Fankie, a town fifteen miles south of Meishen, on the Kiau Chau railroad, according to advices received from the province of Shang Tung.

At Fankie there are valuable coal mines under German control. Reports to the Chinese government from various towns in the wake of the Japanese army corroborate dispatches from Lai Chow of the wounding by the Japanese of about twelve Chinamen. According to government advices a number of Chinese have been killed while attempting to prevent attacks on their women.

The Chinese minister at Tokio has been instructed by his government to appeal to the Japanese foreign office in behalf of the inhabitants of Shang Tung.

WEIHSIEN, (via Peking), Sept. 26.—Two hundred Japanese entered Weihsien on Friday and occupied the railway station, capturing four Germans. Chinese troops encamped nearby are fraternizing with the Japanese soldiers. Weihsien is an important city of the Chinese province of Shangtung, fifty miles north of Kiau Chau.

## AUSTRIANS ARE RETIRING ON WAY TO CRACOW

After Defeating Two Regiments of Landwehr the Russian Troops Have Finally Succeeded in Occupying City of Turkey

RETROGRAD, Sept. 26.—An official communication issued from the headquarters of the general staff says in the region of Druskeny, the Russian troops engaged the Germans on September 25. The Austrian army is now retiring westward, utilizing the railroads leading to Cracow. After defeating two regiments of Landwehr, the Russian troops occupied Turkey.

A Bucharest dispatch to the Neues Vremya says it is rumored that the first Roumanian army corps has been ordered to the Austrian frontier.

### Replies With Cannon

NISL, (via Paris), Sept. 26.—Reports reaching here from Belgrade, are that when a representative of the Austrian commander, bearing a white flag, was admitted to the presence of the Serbian commander with a demand for the surrender of the capital the Serbian officer replied: "Return to your camp and in three hours you will receive my answer from the cannon's mouth."

Three hours later the Serbian batteries opened fire upon the Austrian positions across the Danube.

### Is Pure Invention

MANCHESTER, Sept. 26.—Dr. Constantin Theodor Dumba, Austro-Hungarian ambassador, announced he has been officially advised by wireless that the reported capture of Sarajevo by the Servians is a "pure invention."

### Favorable to Austria

VENICE (via Paris), Sept. 26.—In the absence of any definite war news from Galicia or Serbia, Vienna newspapers continue to assert that the military situation in both theaters of war is favorable to Austria.

### Corps for East Prussia

LONDON, (Sunday) Sept. 27.—Germany is reinforcing her army in East Prussia at the rate of one army corps a day," says a dispatch from Petrograd to Lloyd's News Agency. "These reinforcements are being carried by 250 trains on all four available railways. Other troops are being hurried from Berlin and Schneide Muhl to the Baltic."

## GIL DEFEATED PREPARING TO AGAIN RESIST

Commander of Carranza Troops Near Naco Has 1500 Men, Eight Machine Guns and Plenty of Ammunition for Fray

### NO WOUNDED CROSSING BORDER

Col. Hatfield Refuses Permission to Bring Injured into United States and is Supported by His Superior Officers

NACO, Sept. 26.—General Gil's force of about 1500, with eight machine guns and plenty of ammunition, are here tonight prepared to resist another attack by Maytorena's men.

Reliable information concerning yesterday's fight at Santa Barbara, in which Gil was defeated, gives Gil's loss at about 90 killed and wounded left on the field. Thirty-five wounded were brought here. Gil's men say Maytorena lost twenty-eight killed and eighty-two wounded.

Col. Hatfield, brigade commander of the United States forces at Douglas withheld permission to bring the wounded across the border to Douglas. The Mexican consul here appealed to Hatfield's superiors at San Antonio, who sustained the American officer.

Gil's troops lost yesterday's fight, it is said, when Lieutenant Colonel Gomez, commanding the advance guard, was wounded and his troops became panic stricken, although they had already driven Maytorena's Yaqui Indians back fourteen kilometers. The Carranza faction at Agua Prieta states that Gen. Juan Cabral, whose attempts to compose the Sonora situation failed, are now hastening via Laredo and Mexico City to Manzanillo, on the west coast. There he will take command of his brigade, they say, and go by boat to Guaymas to join Gen. Turbide's force from Sinaloa for the campaign against Maytorena.

### Villa Is Aggressive

EL PASO, Sept. 26.—Troop movements in northern Mexico indicated that Villa would take the aggressive at once against forces of the Carranza central government. Ten trains of Villa soldiers left Chihuahua on the way, it is announced to Saltillo, where Carranza served as governor under the Madro administration. Other troops are moving directly south from Torreon.

### Carranza Is Mobilizing

LAREDO, Sept. 26.—The report that Carranza is mobilizing a strong force of constitutionalists at Monterey is confirmed by travelers who reached the border tonight from that city.

### Oregon in Mexico City

MEXICO CITY, Sept. 25.—Oregon, who was reported to have been held by Villa, arrived here. He was met at the station by Carranza and numerous military chiefs and given an enthusiastic reception.

Later conferences were held to consider the situation, but no announcement was made as to the result of the deliberations.

### Silliman to Mexico City

SAN ANTONIO, Sept. 26.—John R. Silliman, vice consul at Saltillo and the president's personal representative in Mexico, left here tonight for Mexico City on orders from Washington. He came here today from Laredo, where he had been making a special investigation of the border conditions.

### Further Fighting Predicted

WASHINGTON, Sept. 26.—Further fighting in Mexico was predicted by Carranza to the diplomatic corps in Mexico City, according to official advices to the state department. The fact chief explained to the diplomats, who gathered at his request, that Zapata refused to attend or send delegates.

(Continued on Page Four)

## Map Shows Advance Of The Russians

This map shows how the Russian hosts face the allied Germans and Austrians over a long battle line extending from Koenigsberg, in the north, to a point below Przemysl in Galicia. It is between Cracow and Przemysl that the hardest fighting is now being done.

## Enough Money In Reserve To Afford Ample Relief

WASHINGTON, Sept. 26.—"With gold treasure of more than \$700,000,000, the federal reserve banks can face the future and grant ample relief," said the majority report of a house banking committee in advocacy of the senate bill to allow the \$400,000,000 now impounded in the vaults of member banks to be turned over to the federal reserve banks, in order to secure immediately the strength the original law contemplated reaching after three years.

"If the federal reserve banks are going to set an example by hoarding hoarded money, not even the bankers could cheap if the people followed their example," said the minority report.

### Better Financial Situation

NEW YORK, Sept. 26.—The outcome of the New York city loan situation and the probable success of \$100,000,000 gold pool to supply relief from pressure for foreign exchange afforded substantial encouragement to financial settlement this week.

Over-subscription to the loan with large applications from small investors throughout the country, and its prompt rise to a premium, re-duced apprehension about bond and note maturities which soon must be provided for.
